

2010 Utility Line Pruning Workshop

Wednesday, September 8th, 2010

Cedar City, UT

Hosted by Utah Division of Forestry, Fire and State Lands

Join the professionals from Rocky Mountain Power and Trees Inc. on **Wednesday, September 8th, 2010** from **9:30 AM to 1:30 PM** for a **FREE** workshop focusing on utility arboriculture best practices.

This **FREE** workshop is designed for municipal utility department employees across Utah responsible for utility line-clearance activities. Come learn more about the basics of utility-line tree pruning with lessons on tree biology, pruning and integrated vegetation management by PacifiCorp Vegetation Management Director, Randy Miller followed by in-field demonstrations by Trees Inc. crews.

When: Wednesday, September 8, 2010
9:30 AM – 1:30 PM

Where: Iron County Visitor Center
585 North Main Street
Cedar City, UT 84721

****Please Note: Attendees will need to arrange their own transportation to and from in-field demonstration****

International Society for Arboriculture (ISA) Continuing Education Credits (CEU's) will be offered for this workshop

Space is limited for this workshop and RSVP is required, please contact Kelly Washburn to register at 435-592-0099 or via email at kellywashburn@utah.gov
